

Steri day November 17 2018.

In attendance and support

Del Jones
Dr Melissa Sussens
Janet Forrester
Alexandra Van As
Paula Bloukamp
Kat Mansel
Monique Van Wyk

Dr Helen Moore
Prince Dztziel
Juanita Zimmerman
Anne Binos
Myrna Robins
Des Stephens

Overview

There were a few challenges presented shortly before the day but on the day all went accordingly albeit not a particularly rushed day but effective nonetheless. Not being able to get to the farm where we were collecting the steris from beforehand meant that some dogs and the cats were AWOL on the day. We have completed most of Francois Naudes workers animals – 2 cats and a dog left for next spay day.

All operations carried out without any major problems and returned to owners.

Final Figures

4 Spays
2 neuters

Running total = 103

General Comments

The donated solar unit worked well we will nw place on the roof for the next steri day.

The new shadecloth area has been erected and purlines been placed in prep for the extended roofed area this will be completed prior to the next steri day .

Some dogs had many ticks, fleas etc and those were treated with spot on.

Champagne donated by Myrna Robins toasted the 100th spay a little Jack Russel, this has set the annual target – no less than a 100.

Snacks and wine prepared by Anne Binos, Janet Forrester and Monique Van Wyk were delicious and added to the 100th spay, end of year celebrations and of course the farewell to Melissa.

Melissa will be sorely missed, and certainly for me personally and I'm sure speaking for all, has been so terrific working with her and we all wish her the very best with her new ventures.

We have rectified some small issues – some plumbing and septic tank problem. We have started to plant some trees to allow for the future cutting of the port jacksons.

Our next steri day will be in about the 3rd week in January, with the new CCS vet, so we wish all volunteers and donators a festive Christmas and prosperous new year.

The next steri day will be the last stragglers at Naudes farm and then workers dogs on Colyns farm

Come back in the New Year strong and eager and maybe we can do 200 (:
