Dear Sir,

PETITION AGAINST SPEEDING AND RECKLESS DRIVING IN McGREGOR

Recently in McGregor there have been incidents causing the death and injury of animals. We want to prevent the imminent death of children or elderly people on our streets as a result of reckless driving.

The residents of McGregor have signed the attached petition in an attempt to have traffic calming methods in the village introduced in Voortrekker Street. Such traffic calming measures exist on other roads within the village and these roads carry far less traffic than Voortrekker Street. Although there are stop streets, drivers have no regard for them as it is very seldom that any policing is done to monitor them. The residents of McGregor appeal to you to designate some of your staff to monitor the stop streets in the village at least once a week. In doing so it is hoped that the drivers who have no regard for the traffic laws will be caught and punished and it will become known that the traffic laws in McGregor are to be obeyed. Regretfully residents have often noticed a traffic officer sitting in the official vehicle at the entrance to the village and it is not understood how this could act as a deterrent to dangerous driving.

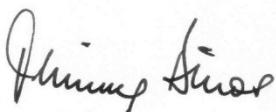

We would appreciate your assistance in the following:

1. reducing the Speed Limit from 60 kms per hour to 40 kms per hour
2. introducing a 4-way stop at the crossroads of Bree and Voortrekker Streets
3. more monitoring of speed limit and observance of traffic laws in the village

We have discussed this letter with Captain Mbgqabi of the McGregor S.A.P.S who agrees that our requests are vital.

It would be much appreciated if you would be prepared to meet with me to discuss this matter before something tragic occurs in McGregor.

Yours faithfully,

J.M. Binos
